

# → FUNDING & SUPPORT OF SPACE-BASED SERVICES FOR CYBER SECURITY

Funding up to €200K per Activity

Opens: 22/08/19 – Closes 14/11/19

## → CYBER SECURITY AND SPACE-BASED SERVICES

The European Space Agency is offering technical support and funding to companies developing innovative cyber security products and services that are:

- enabled by space, as a means to mitigate cyber security risks and to enhance cyber resistance and the resilience of existing services, infrastructures and operations; and/or
- aimed at enhancing the end-to-end cyber security of space-based applications.

The following verticals have been identified as key focus areas:

- Transport (maritime, land, air, including autonomous vehicles);
- Energy, Utilities and Critical Infrastructures;
- Financial Sector;
- Public Safety.
